In the following pages, you will find the estimated cost of covered repairs to your property.

This estimate is based on the replacement cost of the damaged property, less your policy deductible and any applicable depreciation. The estimated cost of covered repairs to your property is calculated using current local prices that are usual and customary. Subject to the terms of your policy, the depreciation may be recoverable to you.

Your current mortgage company or loss payees may be listed as a payee on payment(s) for the covered repairs to your property. If so, you will need to contact your mortgage company or that involved party to determine their procedures for processing claims payments.

We encourage you to work with a contractor of your choice in completing the repairs to your property. If you or your contractor has any questions or concerns about this estimate, please contact me at the number shown above. It is important to call us with questions prior to beginning repairs, as any changes in the scope of damages or pricing must be pre-approved.

If you have personal property damages that were included on this estimate, prices are calculated utilizing like kind and quality goods, less any applicable depreciation, policy limits, or other adjustments as outlined in the estimate. For your convenience, we can refer you to vendors who may be able to directly replace some of your lost and/or damaged items.

If you have any questions about this estimate, please do not hesitate to contact us at the numbers provided above.

Thank you for insuring with Liberty Mutual Insurance. We appreciate your business.
