Dear THOMAS MEADOWS

CLAUDIA MEADOWS:

We have prepared this estimate regarding your loss or damage. A letter that explains your coverage and benefits is being sent to you separately. Because the information in an estimate serves as the basis for a determination of your benefits, you (and if applicable, your contractor) should review this estimate carefully. Let us know immediately (and prior to beginning any work) if you have any questions regarding the estimate.

Under most insurance policies, claim settlement begins with an initial payment for the actual cash value of the covered loss or damage. To determine actual cash value, we estimate the item's replacement cost, and then, if appropriate, take a deduction for depreciation. Depreciation represents a loss in value that occurs over time. In determining the amount to deduct for depreciation, if any, to apply to an item, we consider not just the age of the item immediately prior to the loss or damage but also its condition at that time. For each line item included in this estimate, the estimate shows not only the estimated replacement cost value, but also the amount of depreciation (if any) applied to the item, the item age and item condition upon which the depreciation (if any) was based and the item's actual cash value.

Thank you for allowing us to be of service, and thank you for choosing TRAVCO INSURANCE COMPANY for your insurance needs.
